Faculty of Medicine & Health Sciences proudly possesses the complete know-how to prepare learned & well qualified professionals. We have a plethora of doctors, Medical surgeons and auxiliary staff who are highly competent & well-versed in the latest clinical skills. Our Medical College also organizes special scientific activities like lectures & scientific presentations by well-known academicians from different parts of country & overseas. These are specialists who light up the scientific & professional scenario. Continuing dental health programmes are regularly held for education and motivation of the rural people pertaining to dental problems and complete oral health care. The students of this college have topped in university exams & got medals in different subjects. They have won various Awards and trophies in inter college sports and other co-curricular competitions also. Our institution has won laurels in all the fields.
